HAATCH

THE HAATCH SEED ENTERPRISE INVESTMENT SCHEME (SEIS) FUND

We invest in seed and pre-seed stage software that is powering the future of enterprise.

Our companies solve pain points for large organisations, accelerating them to **£1m Annual Recurring Revenue**, building the infrastructure to get to £10m+

Our focus is on potential growth of the investment on top of potential tax reliefs available. Here are some highlights from our portfolio:

| Company Name | Invested In | Uplift (x) | Date of Uplift |
|--------------|-------------|---------------------|----------------|
| Native Teams | 2022 | 7.4 (EXITED) | 2025 |
| Denturly | 2021 | 6.67 | 2023 |
| Betmate | 2021 | 6.36 | 2025 |

All uplifts are unrealised and externally validated and do not factor in tax relief.

Why Haatch?

- **Team of Visionary Entrepreneurs**

Founded in 2013 by Scott Weavers-Wright OBE and Fred Soneya, Haatch combines entrepreneurial passion with unparalleled experience. We offer operational support, strategic guidance, and industry expertise to give our portfolio businesses the competitive edge they need to succeed.

- **Exit-Focused Investment Strategy**

Investing in businesses that solve deep pains and/or create significant impact for organisations. This places them in an optimal position for a successful exit from day 1.

- **Industry Recognition**

"Haatch have created an efficient and appealing way of investing. Information and risk is set out clearly and I'm confident in the level of expertise from the team."
