HAATCH

THE HAATCH ENTERPRISE INVESTMENT SCHEME (EIS) FUND

We invest in seed and pre-seed stage software that is powering the future of enterprise.

Our companies solve pain points for large organisations, accelerating them to **£1m Annual Recurring Revenue**, building the infrastructure to get to £10m+

Our focus is on potential growth of the investment on top of potential tax reliefs available. Here are some highlights from our portfolio:

Company Name	Invested In	Uplift (x)	Date of Uplift
Eleanor	2019	9.86	2025
Deazy	2019	7.88	2023
Re-flow	2020	6.55 (EXITED)	2025

All uplifts are unrealised and externally validated and do not factor in tax relief.
